Lisa

Looks like Rich is out the rest of this week. Can you follow-up with the Buffalo reporter?

Rich

Can you send the reporter the WY RH desk statement, let her know that we are in a public comment period right now, and then see what factual questions she might have before we set up any interview?

Thanks

Subject: Wyoming regional haze

Hi Laurel,

I am a reporter for the *Buffalo Bulletin*, the local newspaper of Buffalo, Wyoming, and I am writing an article about the EPA's proposed rules to address the state's regional haze. I have already spoken with some of our local stakeholders who aren't happy with the proposal and would like to speak with you to hear the EPA's stance. Please let me know a time tomorrow or Friday that would work for you to speak with me over the phone or refer me to somebody at the EPA who would be able to do that if you are not.

Thanks and I hope to talk to you soon.

Holly
